

# Introduction to Information Systems

Data Science Education Program

# Chapter #2

## Information systems and strategy

# Information systems in action

# Practical Exercises

- In the two lectures this week we have introduced:
  - Chapter #2
- In this laboratory session you are required to complete the following practical exercises and questions:
  - Chapter #2: Excel Application 2.19 (IT Benchmarks)
  - Chapter #2: work through and answer the *Projects and Discussion Questions: 2.10 and 2.16*
- In Chapter # you will find 2 case studies:
  - Read and work through the case studies and answer the discussion questions
